ASANDE FOOTBALL CLUB

A very traditional and cultural person – also is the company's soul , so she told me to play around with different objects and look at some of her sculptures for inspiration. After discussing the business strategy I finally chose to use just four objects and a delightful font-face to create this classy looking identity for her catering company. The request to use the gold color on the logo was challenging.,

ISIVUNO SOYA FOODS & SPICES

Amantombazane Ezwe Lethu Close Corporation trading as Isivuno Soya Foods & Spices is a fledgling business that produces soya mince products in a variety of flavors. Isivuno Soya Foods & Spices is situated on Portion 4 of the farm Umvoti Slopes 2239 in the Umshwati Local Municipality, KwaZulu-Natal Province. The farm is located in the rural village of Faya in Mount Elias, approximately 100 km north of Durban.

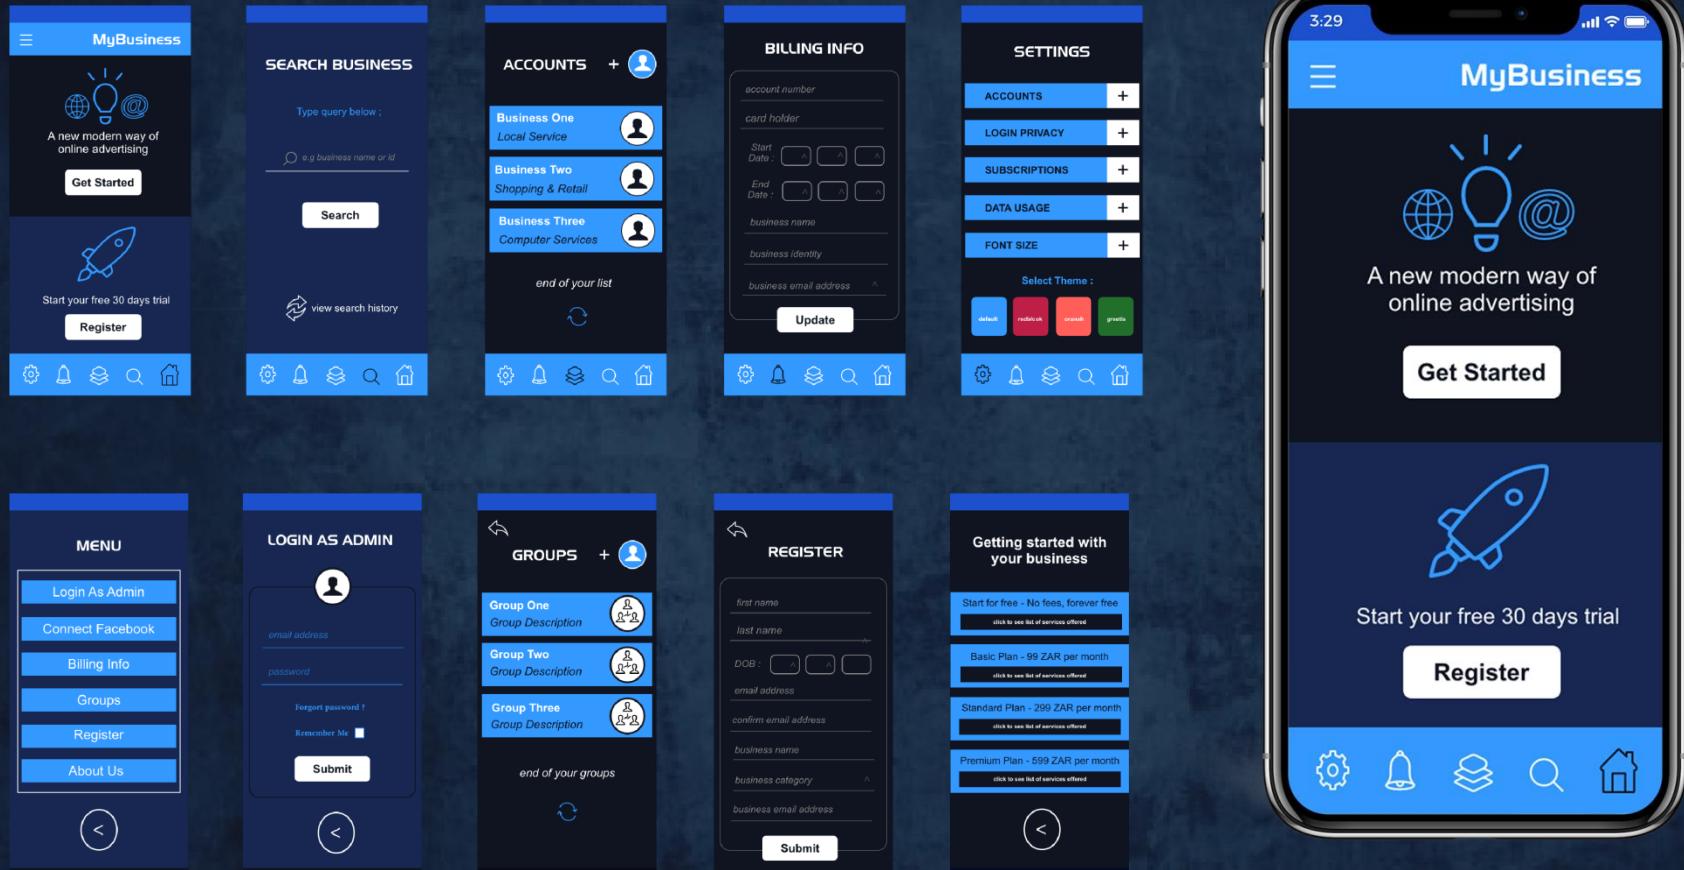

The image shows a laptop and two smartphones displaying the website for Isivuno Soya Foods & Spices. The laptop screen features a dark background with a large image of a soya mince product. At the top, the company name "Isivuno Soya Foods & Spices" is displayed in white, along with a navigation menu (Home, About, Contact, Services) and a Facebook icon. Below the header, a prominent white text box contains the slogan "Taste our great ingredients". A smaller text box below it states: "Our vision is to grow our business to a level where it is adequately resourced, thus being able to reach and service clients within South Africa and abroad." On the left side of the laptop screen, there is a section titled "National School Nutritional Programme (NSNP) And Government Department". It includes a paragraph about their aim to provide quality soya mince to various government entities and NGOs, and two small images of soya mince products. To the right, another text box discusses nutritional food for governmental departments and correctional services. Two smartphones are shown to the right of the laptop, both displaying the website's mobile responsive design. One phone shows a search bar for entering a location, and the other shows a menu with options like "Soya Mince", "Soya Biryani", "Soup", and "Other".

UX/UI DESIGN MOBILE APP

A mobile app that dedicated its connection on the server by keeping profiles of thousands of business for online presence, advertising and marketing on the go. Connect your business.

An app website is always a great place to learn and find out more updates about the product, which is an app itself. This is a business place for everyone to create a long lasting profile for their businesses. The official website is where all the version future updates are shared and available to everyone.

The image displays the MyBusiness app's official website and its mobile application interface. On the left, the desktop website features a dark blue header with a user icon and 'LOGIN' text. Below the header, two smartphones show the app's interface: one displaying a 'Get Started' button and the other showing settings like 'SETTINGS', 'PRIVACY', and 'OPTIONS'. The main content area of the website has a dark background with white text, including a 'Get Started' button and a circular navigation bar. On the right, a mobile phone screen shows the app's home screen with a 'Get Started' button and a keyboard at the bottom. Below the phone is a section titled 'follow us' with social media links for 'mybusiness_'. The overall theme is modern and professional.
